

ATHLETIC TRAINER

DISTINGUISHING FEATURES OF THE CLASS: The work of this class involves professional athletic training services for high school athletic programs under the direction of the school physician or by written referral from a physician and under direct supervision of the school Athletic Director and School Principal. Incumbents of this class will follow the Standards of Practice and Code of Ethics set forth by the National Athletic Trainers Association within the parameters of the New York State Athletic Trainers licensing law. Does related work as required.

TYPICAL WORK ACTIVITIES:

- Establish and maintain an effective athletic training program for student athletes;
- Provide First Aid and injury assessment/treatment/rehabilitation/reconditioning for student athletes;
- Make appropriate physician referrals;
- Maintain accurate records of injuries and treatments for sport injuries;
- Co-administer baseline concussion testing for high school and modified athletes;
- Provide coverage at home athletic events and practices throughout the school year;
- Provide coverage for away sports during payoffs;
- Supervise the clearance of injured athletes during the sports season;
- Maintain a line of communication with the school physician regarding health care and recommended treatment/rehabilitation of all athletic injuries;
- Maintain a line of communication with the coaches on the care and treatment of student athletes;
- Oversee the management of and the ordering of supplies and equipment for the athletic training room(s);
- Equip each team with appropriate medical equipment;
- Assist the coaching staff in implementing and evaluating sport-specific conditioning programs;
- Other duties as required.

The above examples of duties are intended only as illustrations of the various types of work performed. The omission of specific statements of duties does not exclude them from the position if the work is similar, related or a logical assignment of the position.
