Privilege of the Floor may be extended to citizens by the Chair of the Legislature. A person other than a County Legislator may request permission to address the Legislature on any matter to be considered at the session.

A Resolution is an item on which the entire Legislature votes. Generally, a resolution is brought before the Legislature by a Standing Committee. There are three Standing Committees: Ways and Means, Human Services, and Public Service that meet once or twice a month. Each County Department Head is responsible to a particular Committee.

When a department head has an action item, it is presented to Committee. If approved, the action item resolution is brought before the entire Legislature for a vote. By State Law, each Legislator has a weighted vote determined by population. After approval by the Legislature, the Clerk of the Legislature sends certified copies to appropriate personnel and the department head takes appropriate action. Topics and action items are discussed at Committee Meetings.

COUNTY MANAGER

L Matthew Landers is appointed by the Legislature and is responsible for carrying out the overall administration of County Government. Specific responsibilities include overall direction and supervision of County Departments; providing input to the Legislature on policy issues and carrying out adopted policies, and preparation of and control over the County Budget.
