RE: Traffic Estimates for Proposed Warehouse Project at Route 77 and Vision Parkway,
Pembroke, NY

Supervisor Schneider and Code Enforcement Officer Wolbert,

Please allow this letter to serve as an initial estimate of the traffic impact from the proposed 198,000 square foot Warehouse facility located at Route 77 and Vision Parkway.

Based on our previous discussion, we have proposed two (2) driveways on Vision Parkway and we have not proposed any access directly to NYS Route 77.

We completed a similar project in 2018 which is 196,000 square feet located at 105 Taylor Drive, Depew, NY 14043. The facility was fully occupied by three (3) Tenants shortly after completion. The facility has approximately 15-20 trucks per day and approximately 40-50 employee vehicles/visitors per day. We would expect this proposed project in Pembroke to generate a similar amount of traffic.

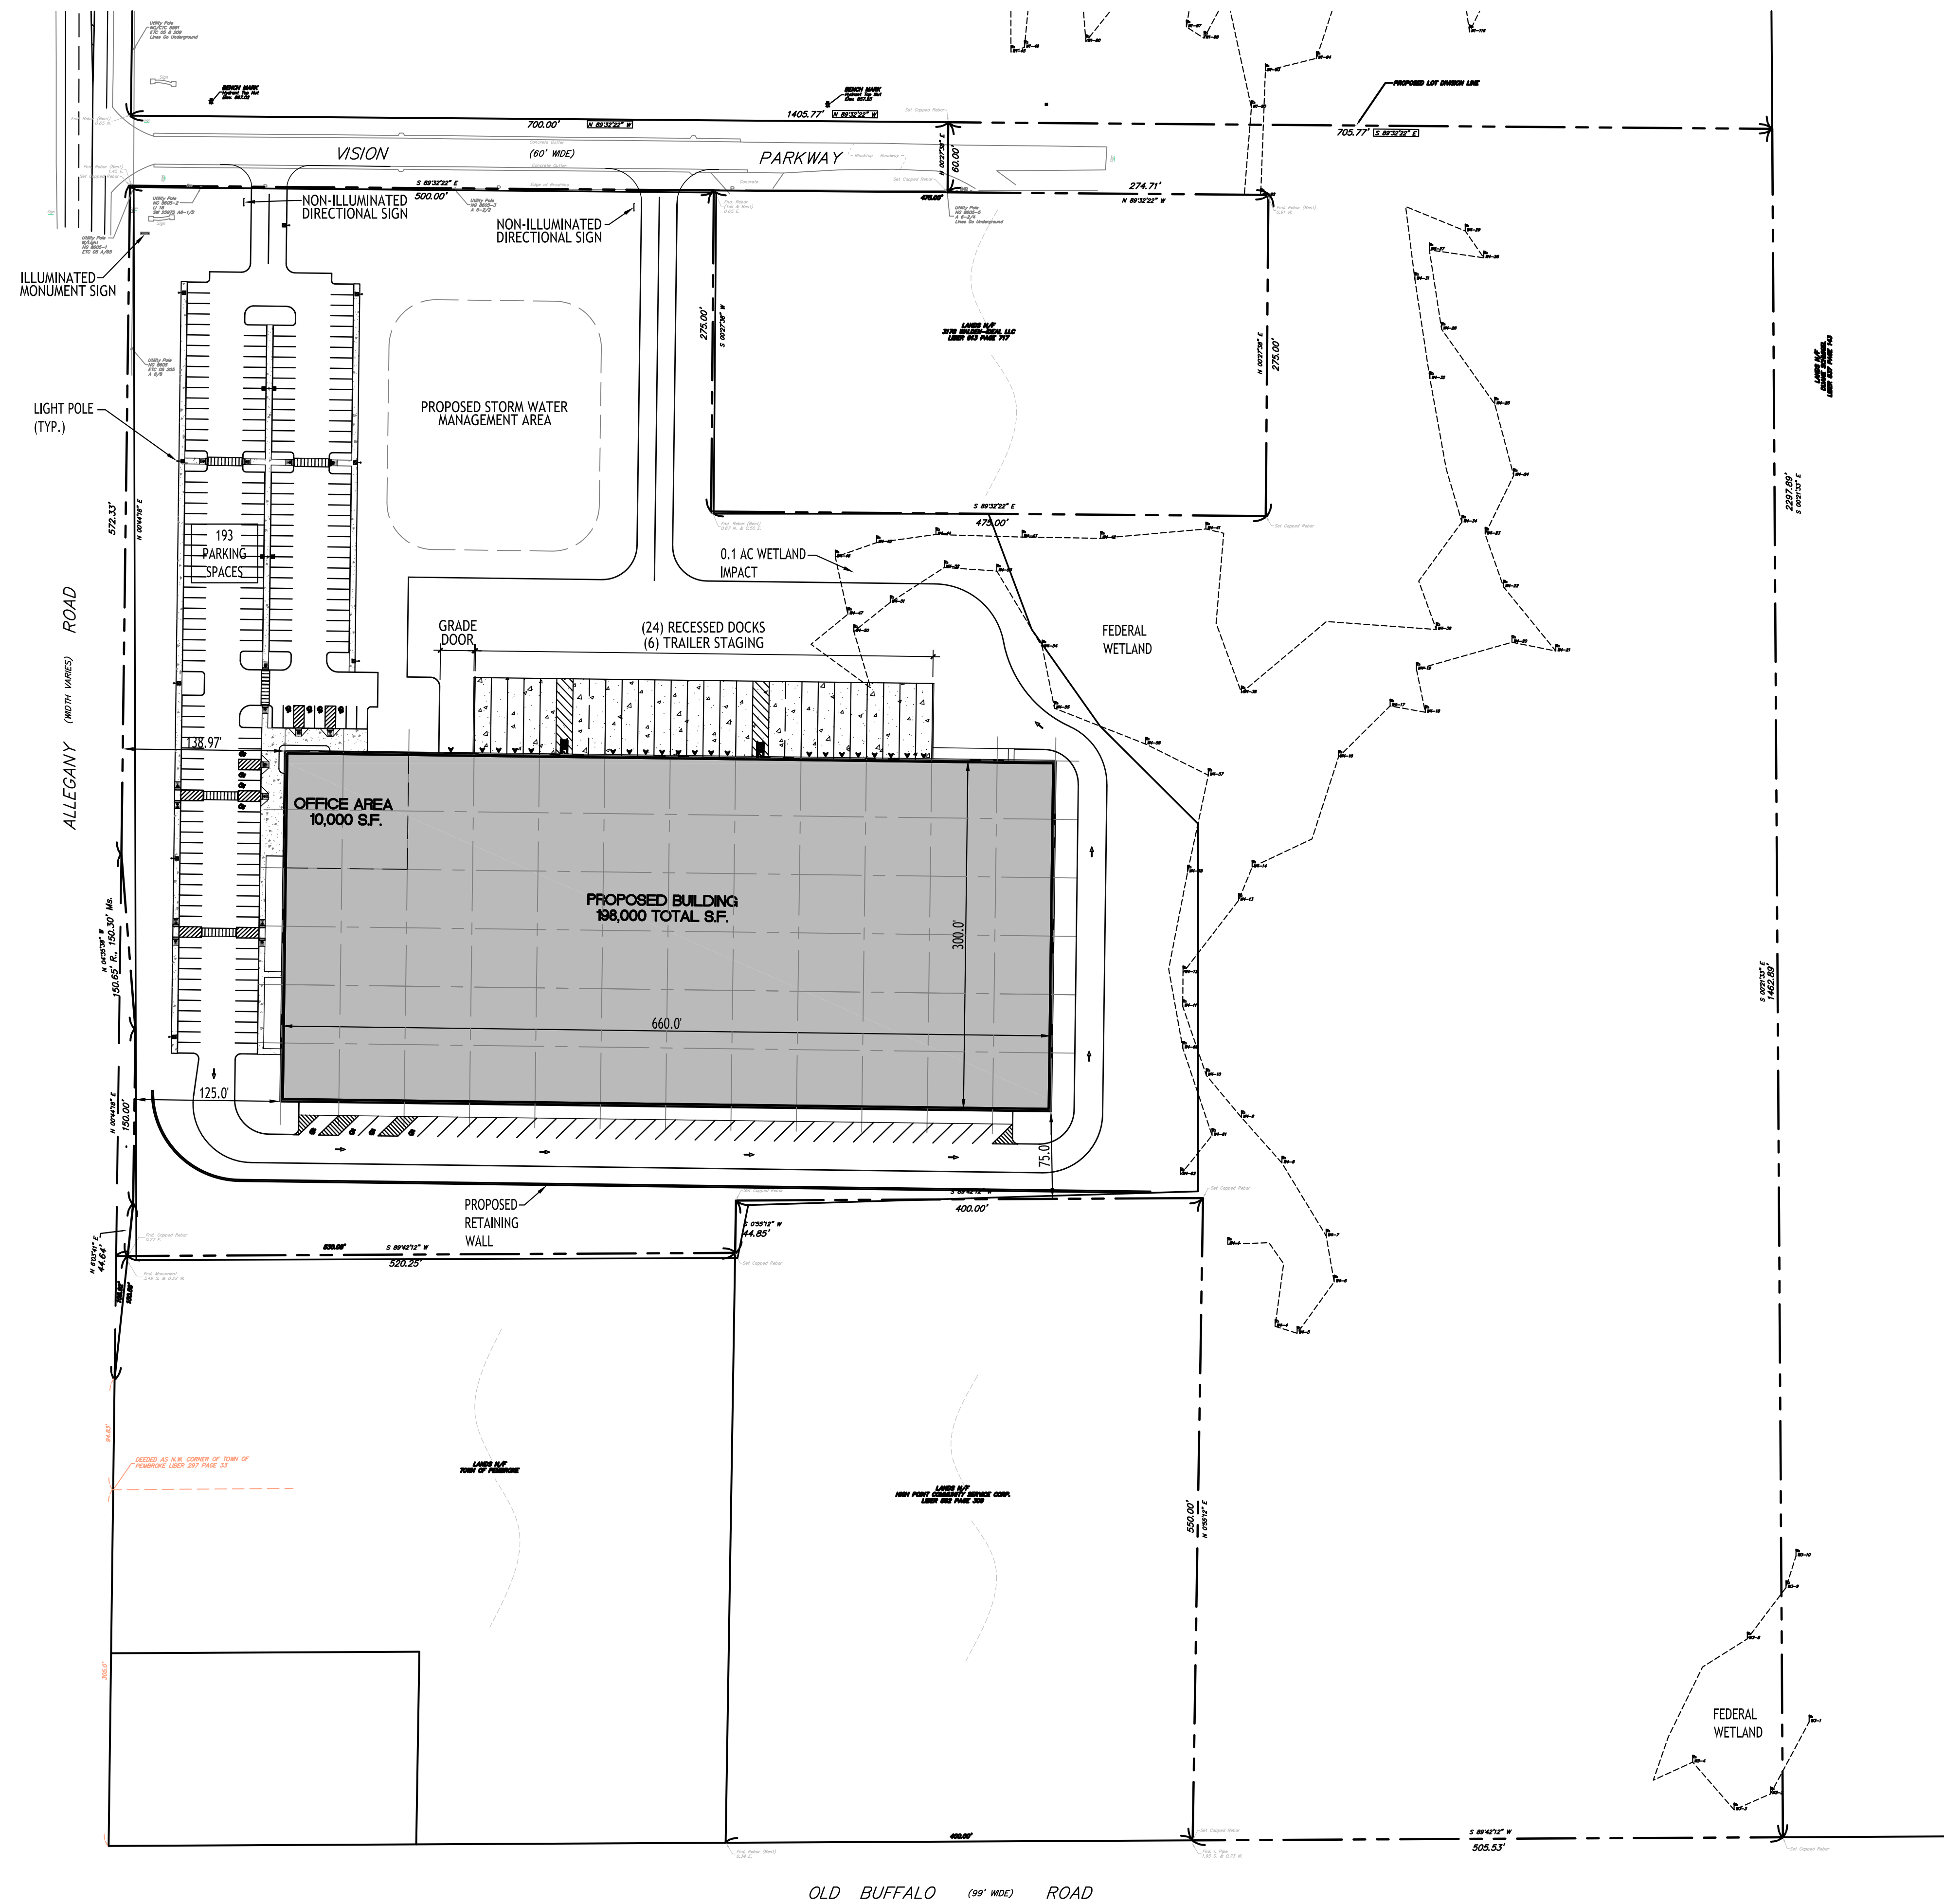

It is worth noting for this proposed facility, we believe most of the truck traffic would enter from the North (heading South on Route 77) to the facility given the proximity to Interstate 90. Similarly, most of the exiting truck traffic would head North on Route 77 when leaving the facility.

Please reach out to me directly if you have any questions.

Best Regards,
